AN APPEAL FROM YOUR FOREST FIRE WARDEN

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook — yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires result from human carelessness — our carelessness. This, we — you — and I can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high fire danger or set up regulations — hours, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you —

1. Follow the warden's directions.
2. Secure the required burning permit.
3. Keep your fires under control.
4. Completely extinguish your fires before leaving them.
5. See that your children are properly cautioned.

Everyone will benefit by it.

CIVIL DEFENSE

As everyone knows, the Federal Government is placing an increasing amount of emphasis and effort on the Civil Defense program. The same is true of the New Hampshire State Government.

This new emphasis is concentrated largely on the possibility of all forms of government, down to and including the local level, setting up some form of public and private Fall Out Shelter program. We have, for example, been asked by the Federal Government for data on public buildings, tunnels, and caves available for public shelters.

There has been a change in the administration of the State Civil Defense Agency. The Adjutant General is now in charge of the work. Aside from the weekly radio exercises there is only a limited amount of activity for the moment. In a sense we are marking time.

The Annual Report from the State Civil Defense Agency is not yet ready, so no comparative figures can be quoted.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the School Board, Parents and Citizens:

This report includes the warrant, the financial records of the previous year, the report of the District Clerk, the proposed budget, District Treasurer's Report, Certificate of the Auditors, the school lunch report, list of graduate, school enrollments, lists of tuition pupils, state formula showing why Gilmanton does not receive state aid, the latest census, and the list of District Officers.

The enrollment in the two schools remains at a steady figure and the census does not show any trend that will overcrowd schools.

Three items in the school budget take over 85 per cent of the budget. These are teachers' salaries, transportation and tuition. The transportation item is very low in comparison with the budget of many communities. The town also furnishes bus transportation to the pupils attending Laconia High School and pays parents a small fee for those sending pupils to Pittsfield and Belmont.

The tuition charge is the largest item in the budget with approximately a cost of thirty thousand dollars. This is a sum that will continue to increase and will easily exceed five hundred dollars per pupil annually.

The State of New Hampshire has a current Interim Commission studying school districts, transportation, elementary and secondary education, college education, the teachers' colleges, school organization, state aid, and other phases of education. It is expected that the report will be available in November, 1962, for presentation to the Legislature for 1963. It is possible that the recommendations will seriously affect every town and city in the state.

May I express my appreciation to the members of the School Board, the teachers, the cafeteria workers, the Parent-Teacher Associations, the bus operators, all par-

ents and citizens who have always given their support to securing the best education for the children of Gilman-ton.

Cordially yours,

GORDON L. FOX,
Superintendent of Schools.
